

ORDERING YOUR EMBLEM IS AS EASY AS 1, 2, 3

STEP 1

If you have an existing emblem, logo, decal or artwork, please send it. If not, make a sketch of your idea. Use one of the provided shapes, or, if yours is different, use the space provided on the quotation request form. Remember, any size and shape is possible.

Important:

- Be sure to indicate the colors you desire with pointers to the correct areas.
- Make your sketch actual size, or indicate correct dimensions.

Tips On Designing Your Swiss Embroidered Emblem...

● Use your imagination! There are no limits to size and shape, and the provided shapes can be used upside down, sideways...any way you like. ● Never indicate lettering smaller than ¼ of an inch. Allow room for borders. If using a provided shape, place lettering inside the dotted lines. ● Don't crowd your lettering. Allow room for greater legibility and a more attractive emblem. ● Select contrasting colors for a more dramatic and beautiful emblem. Put light colors on dark backgrounds, or vice-versa. Avoid the use of yellow on white.

STEP 2

Fill out the quotation request form.

Name _____
Firm or Organization _____
Address _____
City _____ State _____ Zip _____
Telephone # _____ Quantity desired _____

WE WILL MANUFACTURE AS FEW AS 50 PIECES OR AS MANY AS YOU WISH

Attachment method preferred: _____ Sew-on _____ Iron-on _____ Pressure Sensitive

Be sure you have clearly indicated size and colors.

Unless otherwise specified your emblem will be quoted for sew-on application (the most popular and permanent method).

Should you prefer, for an additional charge, we also offer 2 other methods:

1. Our iron-on adhesive is easily used, washable and dry-cleanable.
2. We can pressure-sensitize your emblem for instant application (not washable or dry-cleanable).

STEP 3

Submit your design and request to us. We will respond with a quote.
